

QBraille XL

A Unique Blend of a Perkins Keyboard and QWERTY Function Keys!

QBraille XL represents an entirely new type of 40-cell Braille display. The QBraille XL replaces the need for special keystrokes with the intuitively placed function keys found on all QWERTY keyboards. With the QBraille XL, closing an application means simply pressing the dedicated and familiar Alt+F4 buttons.

On-board Apps

Intuitive Productivity

QBraille XL represents an entirely new type of Braille display, with all of the best features from our Braille EDGE and Smart Beetle, combined with a full set of “real” QWERTY controls. The groundbreaking combination of Braille and function keys means you no longer need your laptop keyboard, letting you get more done in less time. Use QBraille XL’s arrow keys to navigate across tables, or use the dedicated control, shift, and arrow keys to quickly select text. QBraille XL save seconds with every command, minutes with every task, and hours with every project.

6 Bluetooth & 1 USB Connection

Compact Versatility

QBraille XL makes it easier than ever to multi-task like a pro. Quickly switch between Windows, Mac, iOS, and Android devices for sending emails, performing Google searches, sending a text, or using your favorite app all without lifting your hands. QBraille XL also includes the standard on-board applications you know and love, and offers 6 Bluetooth channels and 1 USB connection.

Multi-tasking Made Easy

Finally Something New in a Braille Display!

- The best of both worlds — Braille input & QWERTY control
- Notepad, DAISY Reader, Calendar & more
- Open .DOC, .DOCX, .RTF and .PDF documents in addition to .BRF and .TXT files
- USB & Bluetooth with multi-channel pairing
- Compatible with PC, Mac, iOS & Android
- Write in 17 languages with the inclusion of several Braille language tables
- Perfect for students with heavy course-loads & professionals in demanding work environments

- Ctrl A** = Select All
- Ctrl C** = Copy
- Ctrl V** = Paste
- Ctrl O** = Open
- Ctrl P** = Print
- Ctrl S** = Save
- Alt F4** = Close Document
- Alt Tab** = Switch Between Documents
